Washington, June 1.—The chess match between the House of Commons and the United States House of Representatives was finished today with honors even, each side having won 14 games. The closing scenes were so interesting that the spectators, who were present in large numbers, were not disappointed.

The Americans cheered the Queen and the British cheered the President, and both sides expressed the wish that the match might become an annual fixture. The general tone of jubilation shown by every one here and at London, in connection with the chess match, was the content in the expectation that the match would be beaten and they were glad to know the result.

Julian Pauncuote was represented at the beginning of the day's session by his Secretary, the Earl of West Meath. When the sealed moves in adjourned games were called and returned, the referee, Baron Hueston, was present and remained during the remainder of the day. The Diplomatic Corps was again well represented, and after the adjournment of the House, members and Senators filled the playing room so that the contestants were disturbed.

Some of the spectators attributed the loss of Pauncuote to the fact that he was tired. At 4 o'clock a consultation game was started between three members of the House of Representatives and three Commons. The Americans were represented by Pearson, Bodine, and Handy, and the British by Wilson, Plunkett, and Charles E. Shaw. The game was unfinished, and the referee, Baron Hueston, was left to the captain Minister for arbitration.

While the game between Sharfrot and Parnell in the cable match was in progress the following was received from London:

TRYING ORDEALS FOR WOMEN.

Mrs. Pinkham Tells How Women May Avoid Painful Examinations.

To a modest, sensitive, high-strung young woman, especially an unmarried woman, there is no more trying or painful ordeal than the "examinations," which are now so common in hospitals and private practice.

An examination by speculum, or otherwise, is sometimes a positive necessity in certain stages of many diseases peculiar to women, so at least it is declared by the profession. This would not be the case if patients held their symptoms in time.

If a young girl's blood is watery, her skin pale and waxy looking, her lips colorless, bowels torpid, digestion poor, her ears and temples throbbing and she is subject to headache, begin at once to build up her system with Lydia E. Pinkham's Vegetable Compound. Do not allow her to undergo a physical examination.

Here is a letter from a young lady who requests that her name should not be used, but gives her initials and street number so that any inquiry addressed to her will be received. She says:

"Dear Mrs. Pinkham:—It affords me great pleasure to be able to say a few words in regard to the merits of your Vegetable Compound. I was tempted to try it after seeing the effects of it upon my mother, and now I feel like a new person. I am a stenographer and was troubled with falling of the womb and female weakness in general. I continued to work until I was so weak I could no longer walk, and the last day I was forced to stop and rest."

"I was then so ill that I was compelled to stay in bed and so nervous that I could not hold anything in my hands. The least noise or surprise would cause my heart to beat so loudly, and I would become so weak that I could hardly stand. I suffered for almost a year. It is different now. I can go about my work with pleasure, while before work was a burden."

"I feel that my words of praise may help some other afflicted person, and be of benefit to womankind in general. I remain, Yours in gratitude, L. H. 444 S. East St., Indianapolis, Ind."

It is worth noting that Mrs. Pinkham's Vegetable Compound is a purely vegetable preparation, and is therefore perfectly safe for women to use. It is sold by all druggists and is also sold by mail.

The officials of the Long Island Railroad declare positively that the bell at the Merrick road crossing was in condition and that it rang in plenty of time to warn the trolley party of the approach of the train.

MR. PHILLIPS MAY RECOVER.

Her Lover Who Shot Her in a State of Mental Abstraction.

ATLANTIC CITY, N. J., June 1.—This afternoon the physicians of the City Hospital decided to probe the bullets still remaining in the head of Mrs. Phoebe H. Phillips, who was shot yesterday by her admirer, Richard H. Phillips, a brother of Richard Phillips of Philadelphia, a brother of the victim, assisted Dr. Pennington and Shiner in their task. The operation was successful except as to the bullet in her neck, which came near severing the carotid artery. This was permitted to remain there as an attempt to remove it might prove fatal. The physicians are now more hopeful, but still anxious to make any more dictations.

Richard H. Phillips, the young man who organized the trolley party, and Henry McCormick, who was shot in the head, are both recovering. The trolley party was organized by Richard H. South Carolina Will Try to Undercut Competitors in Liquor Sales.

COLUMBIA, S. C., June 1.—The State authorities are in a middle over the Dispersary Law. The law is now in force, and the State is now in a middle over the Dispersary Law.
